????????? ???????!

20 ?????? 2017 ?. ? **16:00** ? ?????????-???? ?? ??? ?????? (??. ????????, ?. 40, 3-? ????) ? ???????? ?? ???? "**Multi-Modal Human-Computer Interaction"** ???????? **????? ???????** **(Milos Zelezny)**, ???. ?????? ?????????? ?????????? ???? (Faculty of Applied Sciences [1]) ?????????????? ???????????? (University of West Bohemia [2]), ?. ???????, ??????? ??????????.

????????? ???????:

In the lecture a part of the methods and technologies used in multimodal human-computer interaction will be presented with the accent to the visual modality. Namely audio-visual speech synthesis and synthesis and recognition of the sign language will be described from motivation through basic approaches to examples of use. Demonstration of the audio-visual speech synthesis and sign language synthesis systems will be part of the lecture. Equipment of the Multimodal human-computer interaction laboratory of the NTIS (New Technologies for Information Science) European Centre of Excellence will be presented as well.
